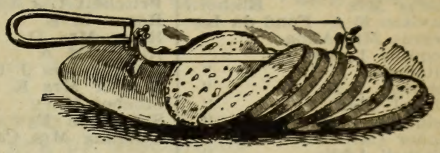
# NORTHERN NOVELTY WORKS.

## Hintze's Patent Bread Knife



THIS KNIFE is made of the highest grade steel and best workmanship throughout. It cuts fresh bread as easily as old, because the guard running the length of the blade prevents the bread tearing and falling apart.

The guard regulates the thickness of each slice—cutting as thin as may be desired.

The guard gives a firmness to the blade that is essential to thin and even cutting.

The guard prevents the edge of knife from coming in contact with any other substance than bread, consequently the edge of the blade is always keen and sharp and it is impossible to cut the table linen, etc.

For tea, dinner and picnic sandwiches the knife is absolutely necessary, as the slices should be very thin and uniform.

When cutting, tip the loaf from you, keeping the blade parallel.

We guarantee the guard against breakage. If any part of knife proves unsatisfactory return the part to us and we will forward you duplicate without charge.

Wherever the knives have been introduced they supersede all other makes or styles on account of the superiority of the work done.

**Ask dealer for it or send 25 cents and 8 cents postage and we will mail you one.**

HEALTH WITHOUT DRUGS OR KNIFE.

HOURS: 9:30 to 11:30 A. M. / 2 to 5 P. M.

# DR. O. C. BORTH,

## CHIROPRACTIC.

CHIROPRACTIC is a new science of healing without drugs. It is in harmony with nature's laws. Seldom fails; never does harm. I use no drugs nor knives. Chiropractic is common sense. It will bear investigation. It is the only mode of healing which exactly locates the cause of sickness and removes the same.

It is not faith Cure, Christian Science, Magnetic, Osteopathy, Massage, or anything else, but Chiropractic. It is based on a correct knowledge of the nerves. It adjusts all displacements and allows the innate builder to reconstruct the broken down tissue. CONSULTATION FREE.
